GENERAL REPORT

ON THE

ADMINISTRATION OF COORG,

FOR 1877-78.

PART I.

GENERAL SUMMARY.

There has been nothing worthy of note during the year under the head Political.

2. The Coorg Survey Party has made good progress. In surveying waste-lands and Devar Kadus or sacred forests, 13,140 acres were done at a cost of 13 annas 9 pies per acre, an increase of 5,315 acres over the preceding year, with a corresponding decrease of 6 annas 6 pies in cost. The completion of the boundary survey of State-forests was reported last year, and during the year 2,246 square miles were detailed. Topographically 372 square miles were surveyed at a cost of Rs. 52—8—5 per mile, being an increase of 95 miles and a decrease in cost of Rs. 13 per mile.

3. The Police Force has been strengthened and improved with a result already apparent in its working, as the percentage of persons convicted to those arrested by the Police has risen from 36·43 to 60·61. The number of cases struck off as false, 91 out of a total of 288 reported, is large, but, taken with the facts above noted, it goes to shew that if the people are reckless in bringing accusations, the Police are careful in investigating. The percentage of stolen property recovered has also risen from 21·43 to 39·85.

4. The results to be noted under Criminal Justice and Prisons are affected to a considerable degree by the scarcity and dearness of provisions and by the famine prevailing in the adjacent country of Mysore. Thus it is that though the number of offences reported was 976 against 1,162 in 1876, the decrease is chiefly in cases of criminal breach of contract under Act XIII of 1859, but there is an increase of 67 cases against property and a small increase in heinous cases, the number of which, however, is very small. Of the 788 cases brought to trial, 60 per cent ended in convictions. The increase in percentage of convictions and increase in that class of offences usually punished by imprisonment resulted in the persons imprisoned, numbering 1,185, or more than 300 over the number for 1876. Greater numbers and increased cost of rations again raised the expenditure on prisons from Rs. 10,607 to Rs. 16,898, and, notwithstanding savings effected in Establishment and Police Guard, the cost per head of average strength increased from Rs. 126 to Rs. 140.

5. Civil suits somewhat increased in number aggregating 2,299, and the average value of each suit instituted also rose from Rs. 127 to Rs. 151. The number of documents registered during the year was only 564, being a falling off of 20 in those relating to immovable property and of 10 in others. The scarcity, which in Mysore reached such a pitch of intensity that money had to be obtained on all sides at any cost, seems in Coorg to have gone merely the length of depreciating values and so discouraging transfers. It is thought too that the dull state of coffee production has had a like effect.

6. The Municipal Administration of Coorg has advanced a step by the formation during the year of three new Municipalities; there are five in all. Deriving their income

principally from octroi and mohatarfa, these municipalities work only in a small way in improving the conservancy and communications in the several towns.

7. The rain-fall of the year was sufficient for the rice crop, but too late for coffee which failed to a great extent in consequence of the long drought. The extent of land under cultivation both with food grains and with coffee has increased.

8. In forests the chief work done has been clearing old demarcation lines and trying to keep out fires. By increased sale of sandalwood so as to exhaust the stock, the receipts of the year are favorable.

9. In trade, the returns of which are only approximately correct, the noticeable features are that while the estimated value of imports rose by 8 lakhs owing to the grain trade, the estimated value of exports fell by 7½ lakhs because of the short coffee crop. The grain importation contrary to usual custom was from the west by the ghats and continued all through the monsoon.

10. Public works in the Province are not very extensive. The budget grant for the year was Rs. 1,49,800, the expenditure was Rs. 1,38,432. Mercara Public Offices were completed during the year. No works of great importance were undertaken, the most extensive being the formation of new roads from Virarajendrapet to Periyapatna and from Mercara to Siddapur. From District Funds also several roads were under construction and some were repaired.

11. The General Revenue of the Province amounted to Rs. 8,05,345, a slight increase over the preceding year. Rs. 7,37,320 were collected, and the outstanding balance at the end of the year was Rs. 4,01,560. The items of increase were Land Revenue, Forest, Abkari and Public Works. The items of revenue which shew a decrease are Assessed Taxes, Stamps and Law and Justice. Disbursement under all heads but "Civil and Political Establishment" and "Public Works" shews an advance on the figures for 1876-77. Increased cost of establishment and high expenditure in jails from dearness of food account for the increase under Judicial. The Police Force has been increased, and the strength of the Military Force was maintained at a higher figure; under Miscellaneous are included charges for famine relief hospitals, burial of paupers and Delhi Durbar. These are the chief causes of increased disbursements.

12. The exceptional circumstances of the year are brought out strongly by the registration of births and deaths. The Province was overrun by emaciated wanderers from Mysore, among whom the greater number of deaths took place, but who are not likely to have produced many births. The death-rate when calculated on the census population is too high, but the mistake of leaving out the deaths occurring in relief hospitals in a measure counteracts that. The registered birth rate was 10·35 per mille, the death rate 48·17.

13. The number of pupils under instruction in the Province being 2,719, shews a slight decrease of 79 upon the figures for the previous year, but this is due to unaided schools. Government schools were increased during the year by one Anglo-vernacular and three Nad schools, and the attendance in the latter class is greater than in 1876-77 by nearly 100 pupils.

PART II.

I. PHYSICAL AND POLITICAL GEOGRAPHY.

For information under this head see paras 1 to 23 of the Report for 1872—73.

POLITICAL.

2. Under the heads of HISTORICAL SUMMARY; FORM OF ADMINISTRATION; CHARACTER OF LAND TENURES; SYSTEM OF SURVEY AND SETTLEMENTS; CIVIL DIVISIONS OF BRITISH TERRITORY; DETAILS OF THE LAST CENSUS; TRIBES AND LANGUAGE, information was given in paras 24 to 37 of the Report for 1872—73.

CHANGES IN THE ADMINISTRATION . . . .
RELATIONS WITH TRIBUTARY STATES AND FRONTIER AFFAIRS . . . . . } 3. There is nothing to record under these heads.

II. ADMINISTRATION OF THE LAND.

SURVEYS.

4. *Survey Operations.*—The Coorg Survey Party has been employed during the year on demarcation and survey of coffee estates, waste land applications and "Devar Kadus," survey of State-forests and Topographical demarcation and survey. The work of demarcating and surveying waste lands and Devar Kadus comprised 1810·59 acres of the former and 6892·81 acres of the latter. The area re-surveyed amounted to 1221·83 acres and that not returned in 1876-77 to 3215·19 acres. The operations thus comprising 13,140·42 acres were carried out at a cost of Rs. 11,301—0—10, being at the rate of Rs. 0—13—9 per acre. As compared with the previous year, the out-turn shews an increase in the area surveyed of 5,315 acres and a decrease in cost of Rs. 0—6—6 per acre. It was reported in last year that the boundary survey of all the State-forests, with an area of 285 square miles, was complete, but during the year 1877-78, six forests with an area of 2,246 square miles have been detailed at an average cost of Rs. 34—8—8 per square mile. By the Topographical Survey 114 villages with an area of 372·06 square miles were surveyed at a cost of Rs. 19,540—5—8, or Rs. 52—8—5 per square mile. As compared with the previous year the out-turn shews an increase of 95½ square miles, and a decrease in cost by Rs. 13—0—0 per square mile.

5. Fines to the amount of Rs. 98—8—0 have been inflicted in 13 cases investigated under the Boundary Act XXVIII of 1860.

6. The expenditure of the year has been as follows:—

Coffee, Waste land and Devar Kadu—	
Demarcation Survey	9,530
Topographical demarcation and survey including Central Office and Contingencies	21,310
Total	30,841

SETTLEMENTS.

Nil.

WASTE LANDS.

7. Waste lands to the extent of 491 acres were taken up for cultivation in food grains, only 67 acres being resigned. About 1,000 acres of coffee land were planted.

GOVERNMENT ESTATES.	Nil.
WARDS' ESTATES	

III. PROTECTION.

LEGISLATING AUTHORITY.

8. See para 48 of the Report for 1872-73.

COURSE OF LEGISLATURE.

9. No Acts were extended to Coorg during the year.

POLICE.

10. The scheme for the introduction of a regular Police Force into four of the principal towns in Coorg, received the sanction of the Government of India during the year, increasing the numbers of the already existing force by 7 Daffedars and 40 men, and the cost by Rs. 341 per mensem, or including clothing and contingencies, by Rs. 4,392 per annum.

11. *Cognizable Crimes.*—Two hundred and eighty-eight cases against 274 of the previous year were reported to the Police, being 14 more than in 1876 ; of these only 125 were prosecuted to conviction, 91 were ordered to be struck off as false. Out of 424 persons arrested by the Police, 257 or 60·61 per cent against 36·43 per cent in 1876 were prosecuted to conviction. Of heinous offences, out of 4 cases of murder, 5 cases of culpable homicide, and 6 of dacoity reported, two in each were struck off as false. Property valued at Rs. 14,255 was reported to have been stolen in 135 cases, of which Rs. 5,681 or 39·85 per cent were recovered in 88 cases, against 21·43 per cent in 1876.

12. *Non-cognizable Crimes.*—The number of non-cognizable crimes in which the Police were employed was as in the year previous only four, in three of which the accused were prosecuted to conviction.

13. *Accidental Deaths.*—The number of accidental deaths further increased from 34 to 53, of which 39 were from drowning, 9 from fall of trees, 2 from wild beasts, 2 by fire and 1 from other causes.

CRIMINAL JUSTICE.

14. *Tribunals.*—During the year under review there were 18 Magistrates of the 3rd Class, 1 of the 2nd Class, 2 Magistrates of the 1st Class in charge of divisions of Districts, and a Magistrate of the District, who exercised enhanced powers under section 36 of the Code of Criminal Procedure.

15. *Reported Cases.*—Nine hundred and seventy-six offences were reported during the year as against 1,162 in the previous year, being a decrease of 186 cases. The decrease was under all the classes, except in offences against property in which there was an increase of 67 cases, attributable no doubt to the scarcity that prevailed during the year. Few cases of breach of contract under Act XIII of 1859 were reported, as in consequence of the famine in Mysore the coolies are reported to have come into Coorg more readily during the season, but in some of the more heinous class of offences, there has been a slight increase to the number of cases reported in 1876 as shewn below:—

	1876.	1877.
Murders	...	2
Attempt to murder	...	2
Culpable Homicide	2	3
Grievous Hurt...	2	4
Dacoity	...	3

16. *Results of Trials.*—One thousand, five hundred and fifteen persons were arrested as being concerned in the 788 cases brought to trial. Convictions were obtained in 471 cases, being about 60 per cent of cases tried. Only five cases concerning 12 persons arrested remained at the end of the year, and none of these were pending for more than 20 days.

17. *Frivolous and Vexatious Complaints.*—Thirty-five persons were awarded compensation to the aggregate amount of Rs. 85---12---0 under section 209 of the Code of Criminal Procedure.

18. *Witnesses.*---Of 2,236 witnesses examined by the Magistrates, 2,166 were discharged on the 1st day, 63 on the 2nd day, 2 on the 3rd day and 5 on the 4th day.

19. *Average Duration of Trials.*---The average duration of trials was only 3 days against 5 in the previous year.

20. *Punishments.*---No persons were sentenced to death, or transportation or imprisonment for terms beyond 7 years. The number of prisoners sentenced to simple imprisonment and of those flogged increased from 17 and 45 in 1876, to 25 and 165 in 1877. As in the previous year one person was ordered to find security to keep the peace, while 2 were ordered to find security for good behaviour against 6 in 1876. Fines to the extent of Rs. 8,282---7---10 were imposed, and out of this sum, it is not satisfactory to find that only Rs. 3,840 or 46·3 per cent were collected.

21. *Compensation paid to injured parties.*---Rupees 4,179---10---10 were awarded as compensation to complainants, and Rs. 951---2---9 were recovered and paid away against Rs. 1,224---1---5 in 1876.

22. *Refund of Stamp Duty.*---The repayment of Rs. 296---8---0 was ordered under section 31 of the Court Fees Act.

23. *European British Subjects.*---Eight European British Subjects were brought before the Court. Two were fined, 5 acquitted, and the case against the other withdrawn.

24. *Criminal Appeals.*—Out of 343 appealable cases, only 19 appeals were preferred. Sentences were confirmed in 6 cases, enhanced in 4, reduced in one, and reversed in 8 cases. The average duration of appeals was 11 and 25 days respectively in the Courts of the 1st and 2nd Assistant Superintendents, and 9 days in that of the Superintendent.

25. *Appeals to the Court of the Judicial Commissioner.*—Seven appeals were preferred to the Judicial Commissioner against convictions and sentences passed by the Superintendent and the 1st and 2nd Assistant Superintendents. These appeals resulted in the sentences of the lower courts having been reversed in only one case and confirmed in 6.

26. *The Court of the Judicial Commissioner as a Court of Revision.*—As a Court of Revision the Judicial Commissioner reviewed 9 cases, the proceedings in 5 of these cases were submitted by the Superintendent for orders, and in the remaining 4 they were called for on application made by the parties.

27. The proceedings of the lower courts were upheld in 3 cases; in 3 cases they were quashed being contrary to law, while the sentences were modified in two cases and reversed in one.

PRISONS.

28. There were, at the beginning of the year under review, 91 prisoners in the jail and lock-ups of Coorg. These added to 1,094 persons admitted during the year gave a total of 1,185 persons as against 842 in 1876.

29. The increase was general under all classes, and the daily average strength has likewise increased from 84·31 in 1876 to 120·49 in 1877, as shewn in the margin. Of 657 under-trial prisoners, 443 were released, 186 were convicted and sentenced, 1 died, leaving 27 awaiting trial at the close of the year.

	1876.	1877.
Convicts ...	72·41	107·66
Civil ...	2·68	2·58
Under-trial ...	9·22	10·25
	84·31	120·49

30. The number of juvenile prisoners was 11 in 1877 as against 5 in 1876. Of the 342 male convicts, 64 were agriculturists, 245 domestic servants, 12 Government servants, and 21 non-agriculturists. Forty-six of the female convicts were married and 9 unmarried.

31. As in the previous year there was no prisoner sentenced to death; one prisoner was sentenced for transportation for life, 7 to imprisonment for a term between five and ten years, 10 for terms under five years, 44 for terms under three years, 217 for a term under one year, and 118 for terms not exceeding one month.

32. There were 25 re-convicted prisoners; 23 had been in prison once before, and 2 more than once. There were no escapes among the convicts during the year.

33. There were 78 punishments for breaches of jail discipline as compared with 68 in 1876. The conduct of the prisoners was generally good during the year.

34. About 93 convicts were under instruction every day in the jail school. Of the prisoners released, 11 were able to read and write a little, and 15 others tolerably well.

35. The health of the prisoners was fairly good, although there were 18 deaths among the prisoners in the Mercara Jail against 7 in 1876.

36. The following table gives the prison cost under each head of expenditure, with the cost per head of average strength during the past and previous years :—

	1876.				1877.			
	Total Cost.	Cost per head of average strength.			Total Cost.	Cost per head of average strength.		
Rations	4,517	53	8	5	9,419	72	2	10
Establishment	2,684	31	13	3	2,598	21	8	11
Police Guard	1,595	18	14	10	2,015	16	11	7
Hospital Charges	170	2	0	4	213	1	12	3
Clothing	268	3	3	1	549	4	8	11
Contingencies	1,373	16	5	3	2,104	17	7	6
Total.....	10,607	125	13	2	16,898	140	4	0

37. The increase was due to the famine rates at which all articles of consumption were sold and the increased number of prisoners during the year.

38. The daily average number of convicts sentenced to labor was 106, being 36 more than in the previous year. Of these 87 were fit for work, 15 were employed on manufacture, 19 as prison servants, 53 on extramural labor and garden labor. The earnings of these prisoners are estimated at Rs. 3,169—8—7 and the cash profit as Rs. 1,095—10—5 as compared with Rs. 962 in 1876.

CIVIL JUSTICE.

39. *Suits instituted.*—There were instituted during the course of the year 2,299 suits as against 2,022 cases of the previous year. The increase was chiefly in suits on written obligation 253, on account stated 23, and in those for movable property or value thereof 44. The value of suits instituted amounted to Rs. 3,47,730—11—5. This gives the average value of each suit as Rs. 151—4—0 as against Rs. 127—4—1 in 1876.

40. *Disposal of Suits.*—Of the 2,308 suits decided, 448 were contested, and 1,860 uncontested: of the former 358 were decided in favor of plaintiffs, and 90 in favor of defendants; of uncontested suits, 946 were decided *exparte*, 565 decreed on admission, and 4 compromised.

41. *Suits re-opened.*—The fact that 71 out of 72 applications for the re-admission of suits were admitted does not speak well for the care exercised by the Civil Judges in disposing of uncontested suits.

42. *Average Duration of Suits.*—The average duration of contested suits was 23 days and for uncontested suits 15 days, against 26 and 17 days respectively in the previous year. The average duration of suits in the higher courts does not shew an improvement, the period being 53 and 59 days in the 1st and 2nd Assistant Superintendents' Courts, respectively, against 45 and 50 days in 1876.

43. Only one suit was filed in *forma pauperis*, and the stamp duty leviable thereon amounted to Rs. 80, and it is unsatisfactory to find that no part of this nor of the outstandings of former years was recovered in 1877.

44. *Cost of Suits.*—The average cost of each suit is shewn to have been Rs. 21—2—3, or Rs. 7—5—0 in excess of the cost incurred in 1876.

45. *Appeals.*—Of 116 appeals for trial, 17 were disposed of by the Superintendent and 93 by the 1st Assistant Superintendent as follows:—

	No.
Dismissed	10
Confirmed	43
Modified	18
Reversed	30
Remanded	9
Total ..	110

46. The average duration of each appeal was 16 days against 51 days in 1876 before the 1st Assistant Superintendent, and 41 days against 24 before the Superintendent.

47. *Special Appeals.*—Thirteen special appeals were heard by the Judicial Commissioner. The decrees of the lower courts were confirmed in 6 cases and reversed in 3. Three cases were remanded, and the decision in the other modified.

48. *Execution of Decrees.*—There were 1,870 applications for execution of decrees against 1,621 in the previous year. Of these 597 were completely satisfied, and 188 in part.

49. The aggregate value of decrees in which execution was applied for was Rs. 3,00,224—11—1 as against Rs. 2,29,194—9—5, and of those executed in whole or in part was Rs. 1,07,307—13—6.

50. In 98 cases there were sales of movable property and in 13 cases of immovable property.

51. Thirty-six judgment-debtors were confined in the Civil Jail, their average period of confinement being 17 as compared with 18 days in 1876.

52. *Service of Processes.*—Eighteen thousand, nine hundred and thirteen processes were issued for service, as against 17,682 in 1876. Of these all but 32 were returned as served before the course of the year. The amount of fees levied came up

to Rs. 6,939—0—0 as against Rs. 6,638 in 1876. The cost of the Process-Serving Establishment was Rs. 3,950—3—5, thus leaving a net profit to Government of Rs. 2,988—12—7, as compared with Rs. 3,375—7—11 in the previous year.

REGISTRATION.

53. The marginal statement exhibits the transactions of the Registration Department for the past year as compared with the previous year. There has been a decrease of 13 documents in the compulsory and of 7 in the optional class relating to immovable, and of 10 documents in the movable property, the decrease on the whole being 5 per cent. The Inspector of Registration in Coorg states that it is difficult to account for the decrease, but ascribes it to a decline in the value of coffee estates. It is however worthy of remark that during the same year one effect of the famine in Mysore was to augment the registration of documents to an unprecedented extent.

		1876-77.	1877-78.
Immovable property ...	Compulsory	492	479
	Optional	45	38
	Total.....	537	517
Movable do	Optional	57	47
	Total.....	594	564

54. The value involved in registered documents relating to immovable property amounted to Rs. 6,98,829—15—0, and as regards movable property Rs. 1,11,930—6—0, being Rs. 8,10,760—5—0 in all, or Rs. 1,21,413 less than in the preceding year.

55. The receipts of the Department amounted to Rs. 1,711—10—9 or 95 Rs. less than in the previous year, and the expenditure was Rs. 1,275—9—10, being Rs. 200 more, leaving a surplus of Rs. 436—0—11 or about Rs. 300 less than in 1876—77. The increase in the expenditure was mainly due to the payment of commission Rs. 161—5—9, being 40 per cent on the fees realized by the North and South Coorg Registrars, as remuneration to the Clerks of those offices. The percentage of the expenditure to the income was 73·3 against 59·4 in 1876—77.

MUNICIPAL ADMINISTRATION.

56. There are five Municipalities in Coorg. Three, namely those at Kodlipet, Fraserpet and Somavarpet, are newly formed, and the election of non-official members had not up to the close of the year been held; in the other two at Mercara and Virarajendrapet the non-official members are double the number of official members. The income of these municipalities is chiefly derived from octroi, mohatarfa (taxes on professions, &c.,) pound fees and miscellaneous, and this was the first year in which collections under these heads were credited to the three new municipalities.

57. Octroi is collected at the rate of one anna per cart-load and four pies per bullock-load on all articles coming into the towns for consumption; on bazar days a fee is levied on each stall at the rate of 5 pies on cloth dealers and two pies on others. The collection of this tax is farmed and in both Mercara (or Mahadeopet) and Virarajendrapet the bid for 1877—78 shews a considerable falling off. Under mohatarfa a house tax is levied only in Mercara, at the rate of 5 per cent of the annual value. The rates of tax on professions vary from 4 annas 10 pies to Rs. 3—10—10 per annum, except in Virarajendrapet where the rates were revised in the past year, and vary from 8 annas to rupees 4.

58. The incidence of taxation in Mercara was 8 annas 10 pies; in Virarajendrapet it was Rs. 1—5—8½; but in the population of Mercara on which the incidence is calculated, the residents of the Cantonment, where no taxes are levied, have been included, and this makes the incidence, which is really heavier than in Virarajendrapet, appear light.

59. The three new municipalities undertook no works and spent no money; in the others, the chief expenditure has been on repairs of roads and conservancy establishment, the only original work of any importance undertaken being the construction of a market in Virarajendrapet.

MILITARY.

60. The 28th Regiment, Madras Native Infantry, was stationed at Mercara during the year. Mercara is the only military station in the Province. At the close of the year, the regiment numbered 717 fighting men of all ranks. The health of the troops was good, and only 12 casualties occurred during the year.

MARINE.

Nil.

IV. PRODUCTION AND DISTRIBUTION.

AGRICULTURE.

61. The area under cultivation with food grains is shewn below, compared with that cultivated in 1876—77.

	1876—77.	1877—78.
Rice	72,287 acres.	72,684 acres.
Ragi and other grains..	1,436 „	1,462 „
Garden produce ..	77 „	78 „

62. Rice is the staple crop of the Province, and the cultivation of other grains is insignificant. A small increase in area cultivated is observable in each kind.

63. In coffee lands there is an increase of 2,658 acres of assessed land in occupation and 1,000 acres of planted land. The proportion of planted and unplanted land in occupation by European and Native planters respectively is shewn to be—

	Total Area assessed.	Area planted.	Area unplanted.
Europeans	48,226·02	26,469	21,757·02
Natives .. .	38,767·25	18,681	20,086·25

64. *Labor.*—Labor was plentiful, but owing to the reduced condition of many of the coolies who were mostly emigrants from the neighbouring famine-stricken Province of Mysore, there was a general complaint on the part of the employers that the work turned out was poor.

65. *Stock.*—Five thousand, seven hundred and six head of cattle or 31 less than in 1876—77 died during the year under report. The number of live stock in the Province was 135,327. There were 388 carts and 37,038 ploughs.

66. *Prices.*—The prices of food grains on 1st April 1878 were on the whole lower than at the corresponding period of the previous year. At Mercara, rice 2nd sort sold at 7·64 seers against 6·57 in 1877, and ragi 11·9 seers against 9·45.

WEATHER AND CROPS.

67. The rain-fall at Mercara amounted to 110·85 inches, or 3·90 inches more than in the previous year. The temperature during the year was a little lower than in 1876, but the season was extremely feverish and unhealthy.

68. The rice crop was exceptionally plentiful although the transplanting of the Kartik crop was retarded by the lateness of the early rains, and a little damage was caused by the fall of heavy showers in October. The cardamom crop also was good, and a high price was realized, being as much as Rs. 60 a maund in some cases. But owing to the long drought before the rains set in, the coffee berries did not form properly and the crop was poor and small. Many estates also suffered from the destructive 'Borer.'

HORTICULTURE.

69. Several experiments with exotic plants have been made during the year, the results of which may be briefly noted. Liberian coffee does not appear to be suited to the high elevation and cold climate of Coorg. Of cinchona plants the *C. Succirubra* has succeeded best, and many planters are said to be anxious to introduce it on their estates as a shade tree for coffee. Coorg bark fetched 1*s.* 5*d.* to 2*s.* 2*d.* per pound; in South Coorg the Carob tree grows luxuriantly, but none of the plants have yet borne fruit. *Eucalyptus Erostrata* has been tried, and the experiment promises well. Manilla hemp grows as luxuriantly as the plantain, but its fruit is not eatable. Vanilla planted in the previous year is reported to be growing vigorously and giving promise of flowers, though there had not been, at the close of the year, time to pronounce upon its ultimate success. Experiments with *Cocoa theobroma*, mesquit bean and *Eucalyptus Globulus* were unsuccessful, but it is only in the case of the last named that the failure can be held to prove the unsuitableness of the plant to Coorg.

FORESTS.

70. The total area of State-forests on 31st March 1878 was 295 square miles and 366 acres, being 85 square miles and 433 acres less than that accounted for in the report of the previous year. The difference is due to most of the forests having been surveyed and the actual instead of the estimated area being given.

71. The demarcation of all the State-forests has been completed, the work done during the year being limited to the re-clearing of 55¾ miles of old lines at a cost of Rs. 439. Out of a total area of 21,306 acres attempted to be protected from fire in the Dubare and Anekadu Forests, the area successfully protected was 16,106, which cost Rs. 1,990.

72. The total area of the plantations fairly stocked with trees was 396 acres as shewn in the margin, and the expenditure incurred during the year on their maintenance amounted to Rs. 1,529.

Karmad teak	...	229
Kutampolle do	...	152
Gangavara sandal	...	15
		396

73. Repairs were made to cart-tracks at a small expenditure, and much attention was paid to the collection of data for new roads, which are wanted to open out the forests. The construction of forest huts in the Dubare and Nalkere Forests was put in hand during the year, but not completed.

74. The following abstract statement shews the timber, &c., felled and sold during the year under review:—

	Felled.	Sold.	Amount realized.		
			Rs.	A.	P.
Teak (c. ft.)	2,999	4,891	5,322	3	6
Junglewood (c. ft.)	4,158	8,374	3,098	6	8
Do Poles (No.)	442	1,599	498	4	0
Teak	2	32	2	0	0

Firesticks (No.)	1,802	3,823	238	15	0
Mattigode logs (Government share)	..	.	536	7	0
Total...	..	..	11,848	7	1

75. The total realization at the small depôts amounted to Rs. 5,388 against an expenditure of Rs. 2,558, shewing a profit of Rs. 2,830.

76. The quantity of sandalwood collected during the year was 61 tons and that sold was 95¾ tons, the amount realized being Rs. 36,306. The average selling rates were lower than in 1876—77 owing to a large proportion of the wood sold being of the inferior classes. The stock on hand at the close of the year was only 3¼ tons, as against 38 tons at the close of 1876—77.

77. *Inspection of Coffee Lands.*—Out of 143 applications for inspection of lands applied for on account of coffee cultivation, &c., 74 are reported to have been disposed of during the year, and the number pending on 1st April 1878 was 69.

78. *Financial Results.*—The general financial results of the year were as follows:—

			Rs.	A.	P.
Revenue from wood ..	..	..	51,710	9	10
Do from minor produce	..	..	21,693	11	7
Miscellaneous Revenue ..	..	..	27,610	13	5

	Net Results of the year....		44,593	0	0

shewing a surplus of Rs. 64,748, being Rs. 22,147 more than the surplus of the previous year.

MINES AND QUARRIES. MANUFACTURES. } 79. There is nothing to report under these heads.

TRADE.

80. The total estimated value of imports during the year was Rs. 38,16,532: the estimated value of exports, Rs. 22,95,897. This is an increase of nearly 8 lakhs in the value of imports and a decrease of 7½ lakhs in the value of exports. Almost all imports increased, but the principal increase both in quantity and value was in food grains, of which the calculated value of imports is nearly 19 lakhs of rupees, 5½ lakhs more than in 1876—77. Prices ruled so high that two lakhs of this difference in value is the consequence of increased cost, not increased importation. The features of the year's trade were the importation from the western coast instead of from Mysore, the usual source, and the continuance of traffic from the coast throughout the monsoon.

81. The falling off in exports was entirely due to the failure of the coffee crop, other articles having been exported in increased quantity and value over the amounts for 1876—77.

PUBLIC WORKS.

IMPERIAL.

82. The Public Works in Coorg consist entirely of roads and buildings. The imperial budget grant of the year under report under this head was Rs. 1,49,800 as against Rs. 1,46,800 of the previous year, and the total expenditure Rs. 1,38,432, being less than the grant by Rs. 11,368, as shewn in the following statement:—

Head of Service.	Grant as per Budget Orders.	Final Grant at end of year.	Outlay.	Difference as compared with Final Grant.		Remarks.

ORIGINAL WORKS.

83. Military.—Under this head of service a provision of Rs. 3,500 had been made in the budget for "Metalled Roads with **V** shaped drains throughout the Regimental Lines at Mercara," but the project was postponed, as funds were required for an emergent work, the re-roofing of "Place of Arms," which latter work was completed at a cost of Rs. 3,894. The other military minor works carried out and completed during the year were—

		Grant.	Outlay.
1	Latrine outside the Fort, Mercara	564	564
2	Manufacture of arms racks for the use of the Native Infantry stationed at Mercara.	126	127
3	Fixing racks for files and tools in armourer's shop ..	7	6

84. Civil Buildings.—A provision of Rs. 10,000 had been made in the budget for the construction of a new jail at Mercara. Plans and estimates were prepared, but the cost was considered too high to allow of the work being undertaken, especially as the demands for works under other services continued to be very heavy and urgent. The erection of a jail on a much less costly scale is now under contemplation.

85. The new public offices at Mercara were finally completed and occupied during the year. The charge against the budget grant of the year under report was Rs. 4,120, the total cost being Rs. 30,099. A small addition was made to the 1st Assistant Superintendent's Court at a cost of Rs. 45.

86. Communications.—*Choranhalla Bridge.*—This work could not be completed this year, the iron girders, &c., having reached Bangalore too late to admit of their being got to site in time to be put up by January, after which month, work cannot be carried on at the place without grave risk of life. The outlay during the year under report was Rs. 8,272 against a grant of Rs. 8,600.

87. *Virarajendrapet-Periyapatna Road.*—The earthwork of this road was almost completed during the year, and the last 4 miles were metalled and gravelled at a cost of Rs. 29,314, as against the grant of Rs. 29,000. The excess outlay is owing to reduction in the task exacted consequent on the weakly condition of many of the coolies employed.

88. *Mercara-Siddapur Road.*—The outlay on this work during the year under report was Rs. 23,281 against an allotment of Rs. 19,700. Earth work from 1st to 5th mile and from 11th to 17th mile was thrown up and side drains cut during the year. A small quantity of very fair stone revetment was built and several small stone cross-drains were completed.

89. *Tracing South Coorg Road from Kiggatnad to the Wynad Frontier.*—The trace which had already been opened up to Kiggatnad was pushed on to the frontier, a total distance of 25 miles, at a cost of Rs. 4,069.

90. *Kaggode-Kotagheri Road.*—A small sum of Rs. 446 was spent on this road, which could not be completed owing to difficulties in the matter of skilled labor.

91. *Sampaji Ghat.*—An outlay of Rs. 397 was incurred on cooly lines on this ghat.

REPAIRS.

92. MILITARY.—The outlay incurred on repairing the military buildings at Mercara was Rs. 3,301, of which Rs. 1,681 were spent on old palace in the fort.

93. CIVIL BUILDINGS.—Sundry repairs to civil buildings were carried out at a cost of Rs. 482.

94. COMMUNICATIONS.—The amount spent on the repairs of the main roads which were maintained in good trafficable order was Rs. 34,011, distributed as shewn below:—

	Rs.
Periyambadi Ghat	9,835
Sampaji Ghat	7,083
Approaches to do	5,792
Mercara-Periyambadi Road	5,812
Mercara-Kodlipet Road	4,671
Mercara-Siddapur Road	818
	34,011

95. The cost of the establishment amounted to Rs. 31,796, or 22·9 per cent on the total outlay.

DISTRICT FUNDS.

96. The budget grant for District Fund Works during the year under report was Rs. 38,051, and the expenditure Rs. 19,931.

ORIGINAL WORKS.

97 The following "Original" works were in progress during the year:—

1. Fraserpet-Seringal Road.
2. Amatti-Murnad Road.
3. Tracing road from Gaudahalli to Somavarpet.
4. Tracing road from Somavarpet to Bisle.
5. Constructing a bridge on Bittingal Road.
6. Ammatti-Tittimatti Road.
7. Causeway over Cauvery at Murnad.

Of these Nos. 1 to 4 were incomplete works of the previous year. No. 5 is a small work carried out to facilitate traffic over a nullah previously crossed by a

ford. No. 6 was commenced in May 1877, but discontinued owing to disputes amongst the planters and want of funds. It was however re-commenced in February 1878 and is in progress. No. 7 was completed and supplies a long existing want.

REPAIRS.

98. The following roads were repaired and kept in good order during the year under report :—

1. Approaches to the Periyambadi Ghat.
2. Virarajendrapet-Periyapatna Road.
3. Fraserpet-Seringal Road.
4. Do Siddapur Road.

ESTABLISHMENT.

99. The cost of the establishment maintained amounted to Rs. 2,417, or 12·1 per cent on the total outlay.

TELEGRAPHS.

100. There is a fall in the receipts under this head which amounted to Rs. 4,204—4—0, or Rs. 1,249—14—0 less than in 1876—77. The number of messages sent was 1,656 as against 1,962 in 1877; and 2,145 messages were received during the year under report as against 2,310 in the previous year.

POST OFFICE.

101. Arrangements were made for the transfer of the control of the Anche to the Imperial Post office, but the change could not be carried out till after the close of the year under report.

102. There was a falling off in correspondence carried on through the Anche, the number of letters, news papers, books and bhangi parcels received and despatched being 172,139 and 182,652, as against 220,692 and 206,235, respectively, in the previous year.

IRRIGATION.

Nil.

V. REVENUE AND FINANCE.

(a.) IMPERIAL REVENUE AND FINANCE.

103. The following is a statement of the General Revenue :—

	In 1876—77.			In 1877—78.		
Land Revenue	3,91,487	8	1	3,94,893	7	5
Forest	81,166	0	1	95,221	4	7
Abkari	1,42,674	10	11	1,49,028	3	0
Assessed Taxes	5,738	12	3	4,537	5	10
Stamps	24,038	6	9	20,148	11	10
Law and Justice	60,750	12	2	45,944	6	7
Education	6,427	7	8	6,456	15	7
Public Works	55,557	0	2	71,065	14	7
Post Office	10,384	8	4	9,861	5	0
Telegraph	5,454	2	0	4,204	4	0
Miscellaneous	5,901	5	3	3,983	7	8
Total.....	7,89,580	9	8	8,05,345	6	1

104. Inclusive of the previous year's outstanding balance of Rs. 3,33,963—0—0, the aggregate demand amounted to Rs. 11,39,309—2—0, of which Rs. 7,37,320—3—6

were collected and Rs. 429—4—9 remitted during the year, leaving a balance at its close of Rs. 4,01,559—9—9 ; of this Rs. 2,16,301—9—6 represent the instalments payable in April and May of the following year, and Rs. 97,940—11—1 the amount due on account of coffee assessment on the area found on survey to be in excess of the estimated area, according to which payments have been made by the planters for several years past.

LAND REVENUE.

105. The demand under the different heads of land revenue was Rs. 3,94,893—7—5, being an increase of Rs. 3,405—15—4 over 1877. The following comparative statement gives the details of the demand :—

	1876—77.			1877—78.		
Wet and dry land assessment	1,46,381	6	1	1,58,567	2	10
Dhuli paddy	17,946	9	7	18,221	1	10
Kumri	187	13	7	805	8	5
Coffee assessment	1,54,784	4	5	1,59,529	7	10
Miscellaneous	72,187	6	5	57,770	2	6
Total.....	3,91,487	8	1	3,94,893	7	5

106. The increase is principally under the heads wet and dry land assessment and coffee assessment. Under the former the increase was chiefly owing to the remissions granted during the year, being less than in the previous year by Rs. 10,656—14—10 ; but some waste lands were also brought under cultivation by the ryots, who were stimulated to do so by the prevailing high price of food grains.

107. The increase in coffee assessment was principally due to difference found upon survey between actual and recorded area of estates.

MISCELLANEOUS.

108. There was a large decrease of Rs. 14,417—3—11 under this head, Rs. 8,466 of which were on account of sale proceeds of Government land.

SOURCES OF IMPERIAL REVENUE OTHER THAN THE LAND.

FOREST.

109. The increase of Rs. 14,055—4—6 is due to a large quantity of sandal-wood having been sold.

ABKARI.

110. The sub-joined statement shews the demand under various items of abkari as compared with that of the previous year.

	1876—77.			1877—78.		
Still-head duty	1,00,751	10	0	1,41,000	0	0
Rent of Distillery...	2,000	0	0	300	0	0
Ganja and opium	1,380	0	0	860	0	0
Toddy	3,524	0	0	3,287	8	0
License fees on liquor and arrack shops	34,468	0	0	1,700	0	0
Belada chakke	250	14	7	...	...	...
Fines and confiscations	300	2	4	44	11	0
Refunds	...	...	..	1,836	0	0
Total.....	1,42,674	10	11	1,49,028	3	0

111. *Still-head Duty.*—The contract for distilling arrack including license fees on shops was given for 3 years at Rs. 1,61,000 a year, but Rs. 20,000 were remitted

from the demand for 1877—78 in consideration of the losses sustained by the contractor owing to the high price of jaggory.

112. *Rent of Distillery.*—The number of distillers which was 5 up to the end of 1876—77 having been reduced to 1, the receipts under this head shew a decrease of Rs. 1,700.

113. *Toddy, Ganja and Opium.*—The decrease under these heads was owing to want of brisk competition at the auction sales.

ASSESSED TAXES.

114. The demand on account of assessed taxes shews a decrease of Rs. 1,201—6—5 which was owing partly to the transfer of mohatarfa in the towns of Fraserpet, Somavarpet, and Kodlipet to the municipalities of those places, and partly to the increase of cultivation converting non-agriculturists into ryots, and also to a small extent to the death of tax-payers from famine.

STAMPS.

115. The decrease under this head is explained by the occurrence of fewer transactions involving the purchase of stamps during the year under report.

LAW AND JUSTICE.

116. The receipts under this head amounted to Rs. 45,944—6—7, or Rs. 14,806—5—7 less than in the previous year. It is stated that the income of 1876—77 was exceptionally large having been swelled by an item of Rs. 14,400, being the value of the stamps affixed to the probate of the will of the late Mr. Donald Stewart. On the other hand there was an increase in the value of stamps on plaints in civil suits.

PUBLIC WORKS.

117. The increase of Rs. 15,508—14—5 is said to have been caused by the adjustment of accounts not affecting the Province.

118. The other items call for no remark.

RECEIPTS AND DISBURSEMENTS.

119. RECEIPTS.—The actual receipts under all heads of revenue amounted to Rs. 7,86,399—13—8, or Rs. 24,787—5—0 more than in the previous year as shewn in the sub-joined statement.

	Receipts for 1876—77.			Receipts for 1877—78.			Increase.			Decrease.

Grand Total.....	6,95,767	3	7	7,15,952	0	10	54,359	15	9	34,175	2	6
Deduct Decrease							34,175	2	6			
Net Increase							20,184	13	3			

121. *Judicial Charges.*—The increase of Rs. 7,589—9—0 was chiefly due to heavy expenditure in jails in consequence of a greater number of prisoners being incarcerated, and the high price of rations, and also to the payment to the judicial establishments of compensation for dearness of grain on account of famine.

122. *Police.*—The Police Force in the towns and pettahs of Coorg was added to during the year under report, under the orders of the Government of India.

123. *Military.*—The increase under this head is attributed to a greater number of men having been stationed at Mercara than in the previous year.

124. *Telegraph.*—The expenditure under this head shews an increase of Rs. 3,399—15—5; but it must be remembered that it includes the disbursements made from the Coorg Treasury on account of the Malabar and Cochin Divisions.

125. *Public Works.*—There was a decrease in the expenditure under this head amounting to Rs. 33,248—15—1. The unusually heavy expenditure during the year 1876—77 is accounted for by some of the works in the Mysore Division carried out for purposes of famine relief having been executed by and debited to Coorg.

126. *Miscellaneous.*—The ordinary expenditure under this head was only Rs. 628—0—9. The other items included under this head were —

Famine Relief Hospitals . ..	8,067	1	2
Burial of Paupers	2,655	2	5
Expenses on account of Durbar at Delhi ..	676	12	0

127. *Other Charges.*—The details of the items classed under this head are given in the subjoined statement.

	1876—77.			1877—78.			Increase.			Decrease.		
Refunds and drawbacks	5,872	12	5	4,092	11	2	...	...	...	1,780	1	3
Charges of collection including cost of salt and opium and cost of maintaining reproductive works	1,27,261	1	1	1,38,900	10	0	11,639	8	11	...	...	...
Allowances, assignments under treaties and engagements	9,585	0	10	8,781	3	6	...	...	...	803	13	4
Allowances to District and Village Officers and charitable grants ...	13,848	15	2	13,929	15	2	81	0	0	...	...	...
Total.....	1,56,567	13	6	1,65,704	7	10	11,720	8	11	2,583	14	7
Deduct Decrease... ...							2,583	14	7			
Net Increase							9,136	10	4			

128. TRANSACTIONS IN THE TREASURY.—Remittances amounting to Rs. 70,000 in silver, and Rs. 80,500 in copper coins were received during the year under report.

129. The transactions in currency notes were—

		1876—77.	1877—78.
Received into the Treasury, Value	Rs.	4,56,945	5,46,090
Issued from the Treasury, Value	Rs.	5,14,335	2,55,270

130. *Transfer Receipts and Supply Bills.*—Transfer receipts drawn by Coorg amounted to Rs. 58,780—5—10 and those cashed to Rs. 71,549—15—3; the former shewing an increase of Rs. 12,543—5—5 and the latter of Rs. 25,466—11—1 as compared with those of the previous year.

131. No supply bills were drawn during the year.

132. *Inland Money Orders*—One thousand and two hundred orders for Rs. 20,123—3—0 were issued and 144 orders for Rs. 8,326—11—0 paid during the year.

133. *Overland Money Orders.*—Sixty orders for Rs. 3,395—3—3 were issued and the commission charged thereon was Rs. 71—8—0. One order for Rs. 57—2—3 was paid.

134. *Savings Bank.*—The deposits in the District Savings Bank during the year amounted to Rs. 4,436—11—11, and the withdrawals to Rs. 2,391—10—9.

(*b.*) REVENUE AND FINANCE OTHER THAN IMPERIAL.

DISTRICT FUNDS.

135. The chief items of receipt are tolls, pound fees and fines and bungalow fees. The receipts amounted to Rs. 25,775, a decrease of Rs. 4,860 upon the previous year. This was mainly owing to the failure of toll contractors which necessitated the tolls being worked departmentally during the last quarter of the year. Dispensary Funds amounted to Rs. 4,463, an increase of Rs. 1,618 due principally to more liberal subscriptions received. The expenditure under District Funds amounted to Rs. 52,310, and was Rs. 13,910 in excess of the expenditure in 1876—77. Expenditure was principally incurred under the following heads:—

			Rs.
Original works, chiefly roads		..	13,035
Repairs to roads	..	..	15,340
„ to tolls ferries, &c.	..	..	3,616
Establishment	..	..	5,276
Municipal Expenditure	..	..	11,883

MUNICIPAL.

136. The balance at credit of the five municipalities on 1st April 1877 was Rs. 18,374, the receipts amounted to Rs. 12,724, expenditure was incurred amounting to Rs. 11,883, the balance left at the end of the year being Rs. 19,215. The revenue demand amounted to Rs. 14,917, an increase of Rs. 2,359 over the demand for 1876—77. The increase in demand is principally due to the institution of three new municipalities, but in the other two the mohatarfa demand increased also. In the Virarajendrapet Municipality, sale proceeds of building sites were, in the previous year, credited to revenue-miscellaneous, a mistake which has now been rectified, and the demand under that head consequently has fallen; expenditure was only incurred in the two older municipalities of Mahadeopet and Virarajendrapet. The following heads shew the expenditure:—

			Rs.
Office charges	..	..	477
Original works	..	..	5,374
Repairs	..	..	3,102
Police	..	..	108
Conservancy	..	..	2,247
Miscellaneous	..	..	575
			11,883

VI. VITAL STATISTICS AND MEDICAL SERVICES.

137. The population of the Province was, according to the Census of 1871, 168,312, of whom 94,454 were males and 73,858 were females.

138. One thousand, seven hundred and forty-two births were registered, or 10·35 per 1,000 of the population, 860 were males and 882 were females, 8,108 deaths or 4,375 more than in 1876 were registered, 4,593 of males and 3,515 of females. The death-rate was thus (exclusive of that in the relief camps) 48·17 per 1,000 against 22·18 in 1876 and 21·34 the mean for five years previous to 1877. On this excessive rate of mortality, the Deputy Surgeon General remarks "the population of Coorg is a fluctuating one, and during the past year especially numbers of immigrants from Mysore and other parts flocked into the Province in search of work and food. The figures indicating the ratio of deaths to population must therefore be considered as more than doubtful, even if the absolute mortality were correctly returned." The large excess of deaths over births is partly explained by the same facts, for while the fixed population in all probability contributed the whole of the registered births, a large proportion of the deaths occurred among immigrants.

139. According to the registers the mortality in the town of Mercara was 11·05 per 1,000 of the population, while that of the rural circles was 50·06.

140. During the year under notice, cholera carried off 1,066 persons as compared with 210 deaths in the preceding year from this cause. From small-pox the deaths were 214 against 50 in 1876. The mortality from fevers amounted to 5,845 against 2,893 in 1876, being at the rate of 34·73 per 1,000 of the population. Bowel complaints carried off 624 persons as against 267 in the previous year. There were 12 deaths (9 males and 3 females) by suicide, 2 by wounding, 4 from attacks of wild beasts and snake bite, and 26 by accident. The total deaths from all other causes was 315, *viz.*, 158 males and 157 females.

141. Taking the deaths by months, it is seen that the greatest number of deaths occurred in the rainy months from June to September. The death-rate among Native Muhammadans is returned as 46·90, that of Hindus, Native Christians, Jains, Coorgs and aboriginal tribes, as 46·30 per 1,000 of population, while the rate among the Coorgs alone was as low as 34·41.

CIVIL DISPENSARIES.

142. The Coorg Province has two dispensaries of the 2nd class, *i. e.*, with attached wards for in-patients, one located at Mercara and the other at Virarajendrapet.

143. The total number of patients that attended the dispensaries was respectively 6,493 for the Mercara and 3,478 for the Virarajendrapet Dispensary, or a total of 9,971, being an increase of 218 on the numbers of the previous year. Of these 41 were Europeans and 479 Eurasians. The out-door patients numbered 9,018, of whom 1,213 did not attend personally.

144. The average daily sick was of in-door patients 38·96, of out-door patients 126·07. The mortality among the former was 286 equal to 30 per cent of the number treated. Twenty-seven minor operations were performed in the Mercara Dispensary during the year. There were no major operations, and none of either description in the Virarajendrapet Dispensary. The Deputy Surgeon General remarks that, after a careful consideration of the returns, it appears to him to be a fair estimate to take 50 per cent of the entire mortality of the Province as due to causes more or less directly proceeding from want of the common necessaries of life during the year, which was one of uncommon scarcity.

145. The income of the two dispensaries for 1877 amounted to Rs. 10,294-8-8 including a cash balance of Rs. 3,815—1—10; of this amount Rs. 3,632—3—3 were contributed by Government and Rs. 1,354—1—7 from subscriptions. The expenditure amounted to Rs. 6,261—6—7, leaving a balance of Rs. 4,033—2—1 to the credit of the two dispensaries at the close of 1877.

VACCINATION.

146. The total number of persons vaccinated was 1,016, being 343 less than in the year previous. Of these the successful cases were 778, being 76·57 of the whole. The total expenditure of the Department was 360, and the average cost of the successful operations was about 7 annas 5 pies, more than 2 annas in excess of the year previous. The Deputy Surgeon General reports that the new Vaccination Establishment sanctioned with effect from 1st April 1877, did not come into operation before the close of the year.

147. *Sanitary Works.*—In the military station of Mercara progress was made in the building of a new latrine outside the fort, and sundry repairs were executed to the military hospital.

VII. INSTRUCTION.

SUMMARY.

148. The number of pupils under instruction at the end of the year was 2,719, which, as compared with the total for last year, shews a slight decrease of 79. The decrease in number is almost wholly confined to the private unaided schools.

149. The Government Anglo-vernacular school at Fraserpet was re-opened during the year, and four Nad schools newly established, while one at Hebbale was closed. The unaided schools shew a diminution of 9 in their number.

150. The educational institutions in Coorg now consist of the following—the Central School at Mercara with Kanarese and Hindustani branches and boarding houses for boys and girls attached; five Taluk Anglo-vernacular schools, a Vernacular Normal School at Mercara, and 38 Nad schools, of which 36 are Kanarese and 2 Hindustani: all the foregoing are Government schools. Besides these there are 3 aided schools.

151. The number of pupils belonging to either sex in the Government and aided schools is 2,122 boys and 194 girls, of whom over 1,359 boys and 147 girls are Coorgs. The Hindu pupils including Coorgs number 2,213, and of the remainder there are 88 Muhammadans.

152. The following statement shews the details of Government and aided schools of each grade of the number of pupils attending therein:—

Class of School.	Government.		Aided.	
	Schools.	Pupils.	Schools.	Pupils.
Boys—				
Higher	1	290	...	...
Middle	5	98	...	...
Lower	38	1,834	*2	68
Girl—	...	...	1	24
Normal	1	2	...	...
Total.....	45	2,224	3	92

* One is a mixed school.

FINANCIAL STATISTICS.

153. *Charges.*—The Government expenditure on education for the year amounted to Rs. 17,368, which sum was apportioned as follows:—

Head of Charges.	From Provincial Funds.	From Local Funds.
Direction with its subsidiary charges	...	...
Inspection do do	3,991	...
Instruction including all educational expenditure not coming under the above heads ...	8,668	4,709
Rupees.....	12,659	4,709

154. In addition to the above, the amount of Rs. 280 was expended from private sources in aided schools and Rs. 1,349 in unaided schools. Altogether, therefore, an aggregate sum of Rs. 18,997 was expended on education from both public and private funds.

155. An analysis of the expenditure on instruction in Government and aided schools exhibits the following results :—

Description of Schools.	Government.		Aided.	
	From Provincial Funds.	From Local Funds.	From Provincial Funds.	From Local Funds.
Boys' schools, Higher	3,918	...	...	...
" Middle	1,299	...	...	...
" Lower	...	4,630	192	148
Girls' schools	157	...	120	132
Normal School	965	...	...	...
Total Rs.....	6,339	4,630	312	280

156. *Receipts.*—The total amount paid into Government treasuries came up to Rs. 5,705 against Rs. 5,994 last year. The receipts consisted of Rs. 860 realized from school fees, and Rs. 4,845 from the proceeds of the Plough Tax. In aided schools the receipts amounted to Rs. 280, of which fees yielded Rs. 76. The income of unaided schools was Rs. 1,349 from fees. The total receipts therefore from all classes of schools may be set down at Rs. 7,334, of which sum the pupils paid Rs. 2,285.

UNIVERSITY EXAMINATIONS.

157. Of students from Coorg who proceeded to higher schools elsewhere for the prosecution of their studies, 1 passed the First-in-Arts from the High School at Mysore, and 2 the Matriculation Examination from the Central College, Bangalore, and one from the Provincial School, Mangalore.

GOVERNMENT SCHOOLS, (A) HIGHER CLASS.

MERCARA CENTRAL SCHOOL.

Fees.		Pupils.			
Total Amount realized.	Average per Pupil.	Hindus.	Muhammadans.	Others.	Total.
860 0 0	2 15 5	255	30	5	290

158. Mr. Richter having been appointed Inspector of Schools in Coorg, Mr. H. Corkery took charge of the school at the beginning of 1878.

159. The number of pupils under instruction at the close of the year was 290 against 345 in last year. Of whom 227 were in the English Branch, 35 in the Kanarese, and 28 in the Hindustani. The decrease in numbers is attributed to famine and other causes. The average daily attendance was 226.

160. The total number of students includes 174 Coorgs, 81 other Hindus, 30 Muhammadans, 5 Native Christians.

161. Boys' Boarding House.—The year opened with 57 boarders, which however was reduced before its close to 45. Amongst these are 41 Coorgs, 3 Amma Coorgs and 1 a Mahratta. The health of the boarders caused anxiety, and at one time gave rise to a report that cholera had appeared among them. It was happily unfounded.

162. The "Sick Fund" to meet the charges for attendance and medicine amounted to Rs. 74—14—0, of which Rs. 35—11—10 were expended, leaving a balance of Rs. 39—2—2. The total expenditure for the board of the boys amounted to Rs. 2,043—4—3, towards which Government contributed in the shape of stipends Rs. 960, besides the Parpattegar's pay of Rs. 240. The receipt from boarding fees amounted to Rs. 1,159—8—7.

163. The School Endowment Plantation.—The season throughout Coorg having been an unfavorable one, the out-turn of the plantation was about 3½ tons only. The total expenditure was Rs. 6,579—0—9, or Rs. 406 less than last year.

GOVERNMENT SCHOOLS, (B) MIDDLE CLASS.

Virarajendrapet	24
Napoklu	14
Hudikeri	27
Kodlipet	11
Fraserpet	22
Total...	98

164. The number of Anglo-vernacular schools has been made up to the full complement of 5 or 1 to each taluk except Mercara, and the attendance of pupils under this head was as stated in the margin.

Statistical Information.

Fees. Total Amount realized.	Fees. Average per Pupil.	Pupils. Hindus.	Pupils. Muhammadans.	Pupils. Others.	Pupils. Total.
...	...	98	...	...	98

GOVERNMENT SCHOOLS, (C) LOWER CLASS.

165. The number of Nad schools is 38 or 3 more than the previous year. The total number of pupils is given at 1,834 against 1,758 last year. There are 147 girls studying with the boys; of these 142 are Coorgs, and 5 other Hindus. Of the 1,687 boys, 1,166 are Coorgs, 463 Hindus and 58 Muhammadans. The distribution of the schools is exhibited in the following statement:—

Taluk.	Schools.	Pupils. Boys.	Pupils. Girls.	Pupils. Total.	Pupils. Average.
Mercara	2	96	8	104	52
Padinalknad	7	357	25	382	54·6
Yedenalknad	9	456	75	531	59
Kiggatnad	8	335	24	359	44·9
Nanjarajpatna	9	317	15	332	37
Yelsavirshime	3	126	...	126	42
Total.....	38	1,687	147	1,834	48·3

166. It is satisfactory to find that Mr. Richter, the Inspector of Schools, speaks hopefully of these schools, but it is discouraging that the School-Panchayets do not yet take as much interest in the progress of these schools as was anticipated.

GOVERNMENT SCHOOLS (D), FEMALE SCHOOLS.

167. It is very much to be regretted that the Coorg head officials are reported by Mr. Richter not to take that interest in female education as the late Koluvandra Kariappa did, and hence the progress of the girls educated in connection with the Central School, Mercara, has not been great.

GOVERNMENT SCHOOLS, (E) NORMAL SCHOOLS.

168. At the commencement of the year there were 4 students remaining on the roll. Five others were subsequently admitted, making a total of 9 under instruction. Five received appointments as masters at the close of the year, 1 died and 1 resigned. There were therefore only 2 students under training, though more were expected to join shortly.

169. The school is reported to have done good work, and the students to have acquired a practical knowledge of the principles of teaching, and the Training Master has efficiently discharged his duties.

PRIVATE INSTITUTIONS UNDER GOVERNMENT INSPECTION,
(A) AIDED SCHOOLS.

170. *St. Ann's School.*—The number of pupils on the rolls ranged during the year between 15 and 27, and the instruction given is in the vernacular.

171. *Basel Mission School, Anandapur.*—This school had 18 boys and 15 girls in February, which has since been augmented by over 20 more, being orphan children from famine relief camps. The girls are taught needlework separately.

(B) PRIVATE UNAIDED SCHOOLS.

172. Compared with the statistics obtained last year, the number of these schools has fallen from 42 to 33, and the average daily attendance likewise from 493 to 403 or 12 pupils per school. The fees realized were Rs. 1,349 against 1,593½.

BOOK DEPARTMENT.

173. Seven hundred and fifty-one books to the value of Rs. 430—5—6 were supplied from the Central Book Depôt in Bangalore to the Branch Depôts in Coorg. The sum realized by book sales and credited to Government was Rs. 395—0—6.
